## Auction Rules

### Silent Auction Bidding

We are pleased to introduce **BidPal**, an interactive automated silent auction bidding system. You can bid anytime, anywhere, on silent auction items with your iPhone or Android. You can bid, watch items, set a maximum bid and be alerted when you have been outbid. At the close of the auction, you know exactly what you have won. No running back and forth to auction tables.

Don't have a smartphone? No problem! Look for our BidPal help stations in each of the barns where you can place bids at a terminal, or have one of our volunteers bid for you.

### Live Auction Bidding

The Live Auction will begin with a stage announcement at 8 pm. To bid, raise your bidder number for the bid spotters to see. If you are the winning bidder, hold your bidder number up until a volunteer locates you to hand you a copy of the bid sheet.

In the event of a dispute, the auctioneer acts as the final authority in determining the winner.

A bid is a legal contract. All items are sold on an as-is basis. No warranties are expressed or implied. Unless otherwise stated, all goods and services

must be claimed and used within one year of the auction date.

### Tax Deductibility

The amount in excess of an auction item's value is deductible to the extent allowed by law. Your event ticket price is considered a tax-deductible donation. This information is provided as an aid to our patrons. However, the ultimate burden of proof for charitable deductions lies with the taxpayer. Please consult your tax professional. Tax ID 61-0992070.

### Checkout

If you pre-swiped your credit card at registration, you are paid and ready to collect your items.

If you are bidding on BidPal and did not preswipe a credit card, you can still enter your credit card information and pay that way.

If you would like to pay using cash or check, please visit our Cashier's table in the center barn.

All sales are final. No exchanges or refunds unless specified by the donor.

We are required by law to collect and pay 6% sales tax on all auction items.

### Item Pickup

Once you have paid for your items, either by paying via BidPal or at our Cashier's table, you may now collect your items. The items will be bagged for you by item # in the barns where the items were displayed. Items 100-199 are in the barn nearest the valet, items 200-299 are in the barn nearest the tent, and items 300-399 are located in the center barn.

### Cash and Carry Policy

All auction purchases must be picked up at the end of the auction. If you need special arrangements for large items, consult an Auction Committee member prior to bidding.
